Advanced Corporate Networking, Inc.
Accompanying Statement to Annual Certification of CPNI
February 26, 2009

I am the Managing Partner and Secretary of the Advanced Corporate Networking, Inc. (the "Company"). My business address is 192 Naugatuck Ave, Milford, Connecticut 06460.

I have personal knowledge of the facts stated in this Accompanying Statement to Annual Certification of CPNI Compliance. I am responsible for overseeing compliance with the Federal Communication Commission's (FCC) rules relating to customer proprietary network information ("CPNI").

The Company has not used CPNI except as included in 47 U.S.C. 222(d) exceptions.

The Company has established a system by which the status of a customer's CPNI approval can be clearly established prior to the use of CPNI. The Company relies on the involvement of its high level management to ensure that no use of CPNI is made until a full review of applicable law has occurred.

The Company's procedures require personnel to be trained as to when they are and are not authorized to use CPNI, but no decisions regarding CPNI are made without first consulting me. The Company has an express disciplinary process in place for any improper use of CPNI.

The Company has not used CPNI in any sales or marketing campaign. However, the Company's policy is to maintain records of its own sales and marketing campaigns that use CPNI and its affiliates' sales and marking campaigns that use its customers' CPNI. It is also the Company's policy to maintain a record of all instances where CPNI is disclosed or provided to third parties, or when third parties are allowed access to CPNI. The records are to include a description of each campaign, the specific CPNI that is used in the campaign, and what products and services are offered as a part of the campaign. Such records shall be retained by the Company for one year.

No outbound sales and marketing campaign can be conducted without management approval and such campaign would require supervisory review by me to assure compliance with CPNI rules. In deciding whether the use of CPNI is proper, I would consult one or more of the following: the Company's compliance manual, the applicable FCC regulations, the FCC's Compliance Guide, and if necessary, legal counsel.

The Company's policy is to maintain records of customer approval for use of CPNI, as well as notices required by the FCC's regulations, for a minimum of one year. The Company's policy is to maintain records of customer approval and disapproval for use of CPNI in a readily available location that can be consulted on an as-needed basis.
